

IEEE STUDENT BRANCH N.B.K.R.I.S.T

IEEE is the world's largest technical professional organization dedicated to advancing technology for the benefit of humanity.

Mission :

IEEE's core purpose is to foster technological innovation and excellence for the benefit of humanity.

The Mission of IEEE STUDENT BRANCH NBKRIST:

- To organize regular events in the campus for understanding teamwork and learning about latest technology.
- To encourage students interest in making presentations and projects.
- To form local chapters in IEEE organization to deep dive into their interested field of studies.

Vision:

The primary purpose of NBKRIST IEEE student branch is to motivate, facilitate, Empower and strengthen student members to enhance their technical benefit by providing them a platform to prove their skills.

Members:

There are currently 110 members present in IEEE students branch NBKRIST . Students from different branches such as CSE, ECE, IT are present.

IEEE Student Branch NBKRIST Executive Committee Members:

S.no	Name	Designation	Contact	Email
1	S. Suresh Babu	Student Branch Cousellor	9490191968	laksur.suresh@gmail.com
2	J. Siddarda Gowtham	Student Chair	7013734035	siddardajagabattina@gmail.com
3	K.L.S.P Vandana	Student Vice-chair	8688543247	20kb1a0553@nbkrist.org
4	P. Gresshma	Secretary	9949273189	greeshma_2004@ieee.org
5	V.Vikram	Treasurer	7095965171	vikramvemanaboina70@gmail.com
6	D. Pranay Teja	Web Master	9705397419	pranayteja@ieee.org
7	P. Yoshitha	Student Mentor	96521914787	yoshitha.82002@gmail.com

STAFF:

S.No	Name	Designation	Contact	Email
1	S. Suresh Babu	Student counsellor	9490191968	laksur.suresh@gmail.com
2	D. Eshther Rani	Professional member	9542890853	esther.divine@gmail.com
3	A. Narayana Rao	Professional member	9441057392	narayanraoappini@gmail.com
4.	Prashanth	Professional member	6281884050	prashanthsvcn@gmail.com

Complete Members Details:

The members of IEEE student branch N.B.K.R.I.S.T are segregated into different teams to perform their respective tasks in events and workshops.

IEEE SB NBKRIST 2022-2023

Event Report

Event Name : IEEE Introduction

Conducted On : 15 November 2022

Venue : Conference hall (CSE building)

Event Organized By : III year IEEE members **Description:**

This event is conducted in regarding welcoming new IEEE members and Introducing the new panel members of the IEEE Student branch NBKRIST. This event is organized by the 3rd year IEEE members. During this Event a brief Introduction to IEEE is given and also the past activities done by the IEEE SB NBKRIST is displayed. A discussion on everyone's interested domains and also discussed about future plans about the Events and activities to be done under IEEE SB NBKRIST are discussed. Encouraged newly joined members to speak out through JAM session and ended with doubts and feedback session.

EVENT REPORT

Workshop Name: APPLICATION DEVELOPMENT LIVE WORKSHOP

Conducted On: 25th November 2022

Venue: Conference hall (C.S.E building)

Workshop Conducted By: 4th years of IEEE SB NBKRIST

Number of Attendees: 97

Description:

This workshop is a live demo on Application development by IEEE SB NBKRIST which was organized by the fourth year IEEE members on 25th November 2022. This event is conducted in the presence of Mr. S.Suresh Babu sir and Mr. Bala Krishna sir. The hosting is done by Shabna Bhanu and Bhanu Sree. The Workshop is given by Venu, Afzal, Srikar, Sai Krishna. The main purpose of this workshop to teach and give knowledge to attendees on application development and showing a live demo on creating applications.

Outcome:

Throughout this workshop, the attendees were able to learn what is an application and what are the stages present in application development. Also about Latest and famous developer tools used in application development such as flutter and also designing tools such as figma. They also learnt about how to collaborate the designing stage, developer stage using developer kits and plugins to create an application. Through this workshop the attendees were able grasp an idea on how to implement their ideas while creating an application.

Day 1 Report:

The workshop started with the Santhosh Chaluvadi sir giving an introduction on cyber security and then Raghava Sir started the session on Cyber Security by asking questions like What is Cyber Security? and What is Hacking and Ethical Hacking? and after that explained about The Types of Hackers and in that topic mentioned about the journalist "Julian Assanje" founder of Wikileaks and ended the Morning session by explaining about The Basic Terminology of Cyber Security.

The Afternoon session started by Raghava Sir by explaining about the phases of Ethical Hacking and Elements of information Security and then he suggests some websites to visit "How secure is my password", "Have i been pwned", "Fireeye Cyber threat map".

DAY 2 REPORT:

On day-2 the session started with introducing the fundamentals of networking with topics such as OSI reference model, Ip address, Tcp and Threeway handshake method and also explained about port numbers of various protocols. After explaining basics of networking, Hands on practice session started with the sniffing topic and used the tool wireshark and taught about monitoring the network as a Network Auditor with a real-life example. Also shown how to extract data from the packets with wireshark and given assignment tasks to gain practical knowledge.

In the afternoon session the team has shown how to extract files data in Http server connection within a network. Then Started the topic Stegenography, The team has shown how to decode data from various data formats such as audio and image files by using various steganography tools. Ended the session by teaching how to decode hidden and compressed text from the Text files.

DAY-3 Report :

On day 3 the session started with recapping the previous day topic and then starts about the topic data tampering and demonstrated with an example using the tool Burpsuite. The team also demonstrated other different types of attacks such as Brute force, and No Rate Limiting. Then started the hands-on practice session by giving challenges to the students.

In the afternoon Siddardha sir started the session with the topic email spoofing and shown a real-life example. Then Raghava sir concluded the session with the topic fifth phase of an ethical hacking i.e Covering tracks and about the topic Event log id's.

DAY-4 REPORT:

On Day 4 Teams are divided for hackathon. Each team consists of 3 members. At morning an objective test is conducted. Which comprises of 35 questions. After the completion of objective test the main test called CTF (capture the flag) is conducted from 9:30 am to 3pm. In which many challenging tasks are given to the students and leaderboard is maintained to show the leading teams. After the CTF, certificates for participants are distributed and internship offer letter are given for the best performed students.

IEEE SB NBKRIST 2022-2023

REPORT

Occasion: New Panel Inauguration

Conducted on: 31st March 2023

Venue: CSE Conference hall

Organized by: 3rd year IEEE members

Attendees: 65 **Description:**

The IEEE SB NBKRIST organized Panel Inauguration on March 31st from 9:30 am 12:30 pm to introduce the new panel members. The new panel chairperson J. Siddarda Gowtham, Vice chair L.s.p Vandana, Secretary Greeshma and Treasurer Vikram have given their Oaths and officially became the ongoing panel members of IEEE SB NBKRIST. The Outgoing panel members have shared their experiences and given their support for the incoming panel members. The new panel members discussed about the future plans and encouraged the new student branch members to actively interact and participate.

Event Report

Event Name: Awareness on Carrer Opportunities

Conducted on: 25th April 2023

Venue: Conference hall (CSE building)

Event Organized by: III year IEEE members

Number of attendees: 240

Description:

This session was conducted in order to give awareness on the carrer opportunities for the first year students. This session was taken by U. Sai Ram , CEO of codegnan and C. Santhosh CEO of Supraja Technologies.

In this session the resource persons have shared their experiences in the field of Information technology and also talked about the trending technologies in the current industries and the possible ways to achieve those opportunities.

Event Report

Event Name: Workshop on Data Science
Conducted on: 29th and 30th April 2023
Venue: Conference hall (CSE building)
Event Organized by: III year IEEE members
Number of attendees: 120

Description:

This workshop is conducted on current trending technology data science, to give the students a real-life experience of a data scientist. The resource person Mr. Gopi Krishna Nuti has thought the attendees about the practical applications of many data science tools from basics in this two-day workshop. He has given software tools to the attendees and also given hands on practice in this workshop session. This workshop is organized by IEEE SB NBKRIST.

Outcome:

Throughout this workshop the attendees were able to understand the significance of data science in the current world and its demand in the industry. The attendees were able to grasp the basics of the data science tools and practical application in real world. This workshop has given a glimpse of how a data scientist works.

**N.B.K.R.I.S.T
AUTONOMOUS**

Workshop on Data Science

PREREQUISITES :

- Basic knowledge on python

REQUIREMENTS :

- A medium configuration laptop/desktop with Windows/Mac/Linux Latest Python
- Python libraries installed on laptop:
 - > NumPy
 - > Pandas
 - > SciKit
 - > Matplotlib
 - > Scipy

REGISTRATION FOR NON-IEEE : 100/-
☎ : +91 95730 09109

29 APRIL 2023 | CSE CONFERENCE HALL

Our Presenter

Gopi Krishna Nuti
Data Scientist

A recognised Subject Matter Expert in Data Science and a full stack Machine Learning engineer with 20 years of experience in Artificial Intelligence, Data Analytics, Machine Learning, Computer Vision and Software Development
