# GNOSIS

04-10-2019

Gnosis is a National level symposium organized by ISTE Student Chapter of NBKR Institute of Science and Technology for the past 7 years. Amongst all the professional clubs NBKRIST has got, ISTE is the only student body that organizes a national level symposium which gives students a chance to state their opinions regarding societal issues. The team GNOSIS modifies its theme every year and this year it included video presentations along with paper and poster presentations to unleash the hidden talent of video making skills in the students.
